MIND CONTROL (PAPERBACK)

Xlibris Corporation, United States, 2007. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. Mind control a term filled with mystery, intrigue, and fun. Control of the mind . . . what does it mean, really! So-called experts have been writing and arguing about the mind for as long as people have been able to communicate. The elusive and mystical control we seek is possible. In Mind Control, Dr. William Horton, Psy. D. takes us closer to the practical application of mental discipline for ourselves. Dr. Horton applies NLP communication techniques (special language to structure change in the mind) so that we can manage and control of others. This control takes the form of better understanding of what we see feel and hear as other talk to us. We are afforded the opportunity through these techniques to use the best possible angle while talking with others. In our culture, control can be regarded as a negative term. Here we use it as a positive action. When we say control, we really refer to the control of our own thoughts, our own state of mind, and the way we communicate. Dr. Horton uses his ability to break down systems and processes to share a new understanding of the function of the mind as we interact with the people around us. Can you imagine your life in a world where people simply do what you ask them to do? The processes outlined in this book will install the skills needed for maximum success. Self-control and mental discipline give you the ability to have more success in any part of your journey through career and personal goals. Personal relationships become more rewarding. You have an easy time controlling money. Your ability to retain...
