

The United States and North Africa: A Cognitive Approach to Foreign Policy (Hardback)

By Azzedine Layachi

ABC-CLIO, United States, 1990. Hardback. Book Condition: New. 236 x 157 mm. Language: English . Brand New Book ***** Print on Demand *****.This book examines U.S. foreign policy decision-making and conduct from a psychological perspective that focuses on the structures as well as the content of mental images held collectively and individually by the foreign policy elite. Two case studies, arms sales to Morocco in the context of the Western Sahara war and liquefied natural gas contracts with Algeria, are used to illustrate the usefulness of this perspective. The methodological tool used is of Cognitive Mapping, which consists of reconstructing mental images relevant to the issues examined by way of a sophisticated method that dissects policy statements, breaks them down into concepts with causal linkages, and then feeds them into a computer program that uncovers important characteristics for each image. The author then makes interesting inferences linking these technical characteristics of cognitive maps, or images, to policy orientations and action. The case studies analyzed with this method relate to U.S. foreign policy with regard to North Africa. The author tries to find answers to a set of empirical questions that have not often been addressed: Why have U.S. foreign policy...
