Brand New Book ***** Print on Demand *****.Excerpt from 1815-1915: From the Congress of Vienna to the War of 1914 1815-1015. - 1815, the year of the settlement which after the great wars of the Empire restored the balance that the domination of Napoleon I had overthrown; 1915, the year on the settlement which, when the great European war is ended, will deliver Europe from the preponderance of Germany the parallel is one which has forced itself on the minds of all. It is made still more striking by the date of the treaties which put an end to the domination of Louis XIV in Europe. Such comparisons of dates, indeed, like prophecies, will not bear very close examination; the treaties of Utrecht and of Rastatt belong to 1713 and 1714, the last document of the Congress of Vienna is dated June 9th, 1815 and its centenary has been reached before the date of the third settlement. But the correspondence of dates, imperfect as it is, satisfies the mysticism of numbers which has exercised a spell over mankind ever since Pythagoras. We like to think that three times in succession, at a century's interval, the mysterious rhythm of time has brought round the great settlement of Europe. I therefore appeal to the centenary of the Congress of Vienna as my excuse for explaining what was the nature of the settlement of 1815, how the balance of power it established was destroyed and the reason why the system which took its place has collapsed and imposed on Europe the task of a new settlement.
