Reviews

This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).

HANDBOOK OF MILITARY LAW (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Professor Scott s Handbook of Military Law is of comparatively ephemeral interest. It was intended mainly to meet the needs of the members of the Students Army Training Corps in the colleges of the United States, all of whom in the fall of 1918 were required to take a three months course on military law and practice, including three subjects: Military law, international military customs, and army administration. Professor Scott compiled this brief introduction to military law by making extracts from the Manual for Courts-Martial in connection with the more important Articles of War. He also includes the Selective Service law and a couple of judicial decisions dealing with military jurisdiction. - Northwestern University Law Review, Volume 14 * * * * * This little book is published by Harvard University for use in the Students Army Training Corps in the course on Military Law and Practice. In view of the demobilization of this corps, the book remains as one of the monuments of an interesting period in the history of American colleges. It may still be of value to any one interested in the subject of military law and unable or unwilling to examine the official manual for courts martial and the articles of war, the acts of Congress and the decisions of the courts which constitute the original sources of information. Professor Scott has obviously devoted much time and thought in making the selections for this book and in arranging his material. - University of Pennsylvania Law Review, Volume 67 * * * * * Professor Scott s little book makes no pretense at being more than a presentation of the Articles of War and the...
